#### AGREEMENT TO EXCHANGE PROPERTY

This Agreement made this \_\_\_\_ day of \_\_\_\_\_, 2013 (the "Effective Date"), by and between Miami-Dade County, Florida, hereinafter referred to as the "**County**" and Park Square 1, LLC, hereinafter referred to as "**Park Square**" (collectively, the "**Parties**").

That the County, in consideration of the promises and agreements of Park Square, hereafter contained, for itself, its successors and assigns, hereby promises and agrees to convey to Park Square, a portion of a County-owned parcel, with Folio Number 35-3027-067-3290, located at the Southwest 20.25 feet of Tract L of Park Square at Doral, according to the plat thereof as recorded in Plat Book 167 at Page 26 of the Public Records of Miami-Dade County, Florida, more particularly described in Exhibit A ("Parcel A"), attached hereto and made a part hereof. The County further hereby promises and agrees to vacate that portion of an easement recorded in Official Records Book 26698, Page 1982, of the Public Records of Miami-Dade County more particularly described in Exhibit D ("Easement Parcel D"). Such conveyance and vacation of easement will occur after: (1) Park Square has relocated those elements of County Pump Station 1227 related to the fuel tank and its appurtenances located on the County property that is adjacent to Parcel A (the "Relocated Facilities"), at its sole cost and expense, to the property, more particularly described in Exhibit B and constructed a concrete slab over the old location of the fuel tank on the County property that is adjacent to Parcel A, (2) Park Square has installed a new manhole, relocated a water service and a backflow preventer, relocated the telemetry antenna and completed the fencing around the County property that is adjacent to Parcel A (the "Other Facilities"), at its sole cost and expense; and (3) has dedicated to the County an easement to access, construct, reconstruct, lay, install, operate, maintain, relocate, repair, replace, improve, remove and inspect water transmission and distribution facilities over the property more particularly described in Exhibit C ("Easement Parcel C").

In consideration for said promises and agreements of the County, Park Square hereby promises and agrees to: (1) convey to the County a property owned by them, located within Tract A, of Park Square at Doral, according to the plat thereof, as recorded in Plat Book 167 at Page 26 of the Public Records of Miami-Dade County, Florida, more particularly described in Exhibit B ("Parcel B"), attached hereto and made a part hereof, which is a portion of the property bearing the Folio Number 35-3027-067-3190; and (2) relocate the Relocated Facilities and Other Facilities, at its sole cost and expense, to Parcel B or onto the County property that is adjacent to Parcel A and constructed a concrete slab over the prior location of the fuel tank. Such relocation will be done in the manner more particularly described below. Park Square further promises and agrees to dedicate an easement to access, construct, reconstruct, lay, install, operate, maintain, relocate, repair, replace, improve, remove and inspect water transmission and distribution facilities over the property more particularly described in Exhibit C. Before conveying Parcel B to the County, Park Square also agrees to: (1) erect a sidewalk around the new fuel tank location and (2) asphalt a driveway along the Easement Parcel C.

The terms and conditions of this Agreement, which shall become a contract between the parties upon signing by both parties and adoption of the Agreement by the Miami-Dade County Board of County Commissioners, are as follows:

1. It is understood and agreed that no cash consideration will be paid by either party. Park Square will be responsible for providing property descriptions and parcel sketches which are acceptable to both parties.
2. Park Square and the County agree it is the intent of the parties hereto that this transaction does not represent individual sales of properties, but to the contrary, is one interdependent transaction constituting a fair exchange of properties for good and valuable consideration.
3. Park Square has already, or will at the time of execution of this Agreement, provide the County with an opinion of title from an attorney licensed to practice law in the State of Florida with respect to the properties identified on Exhibit B and Exhibit C. In the event that the condition of title is objectionable to the County for any reason, Park Square shall have the right, but not the obligation, to deliver or cause to be delivered to the acquiring party, at Park Square's expense, such deeds, releases, affidavits or other title instruments as may be required to cure the title objections. Should Park Square fail, or be unwilling to cure the title objections within thirty (30) days, the County may elect to terminate this Agreement by giving written notice of such intent, upon which both parties shall be released of all obligations with respect to each other under this Agreement.
4. Upon completion of the relocation of the Relocated Facilities/Other Facilities, and after the County has been notified in writing of completion and has been given ten (10) business days to complete its inspection of the Relocated Facilities/Other Facilities and acceptance of the new Relocated Facilities/Other Facilities by WASD including all required conveyance documents, the parties agree to convey to each other the properties described in Exhibits A and B attached hereto, and to dedicate and release the easements described in Exhibits C and D, respectively. The County shall convey by County Deed in substantially the form attached hereto as Exhibit E, and Park Square shall convey by Quitclaim Deed in substantially the same form as attached hereto as Exhibit F. The County shall release its easement by substantially the form attached hereto as Exhibit G, and Park Square shall dedicate its easement by substantially the form attached hereto as Exhibit H. The exchange of deeds/closing will take place on the 11<sup>th</sup> business day after the County has been notified in writing of completion of the relocation of the Relocated Facilities/Other Facilities, unless the County determines that the Relocated Facilities/Other Facilities has not been

completed to its satisfaction. The County will provide Park Square with notice in writing of the defects within the ten (10) business day inspection period. If the Relocated Facilities/Other Facilities have not been completed to the County's satisfaction, then the exchange of deeds will take place on the 11<sup>th</sup> business day after the County has been notified in writing that the defects in the Relocated Facilities have been corrected and the County has been given a new ten (10) business day opportunity to inspect the Relocated Facilities/Other Facilities and has agreed that it is acceptable.

5. Park Square shall pay all taxes or fees imposed on this transaction and shall obtain at its own expense and affix to all instruments of conveyance such revenue and documentary stamps as may be required by law. Park Square shall also pay all other costs of this transaction, including but not limited to, any escrow fees and survey costs.
6. The parties shall have the immediate right to possession of the respective property after recordation of the respective deeds.
7. The County and Park Square each represent to the other that it has not employed or retained any person or agency to solicit or secure this Agreement for commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the non-breaching party the right to annul the Agreement without liability, or in its discretion, to recover from the other the amount of such commission, percentage, brokerage, or contingent fee.
8. Park Square, at its sole cost and expense, shall be responsible for the design of the pump station facilities and any ancillary improvements required in connection with the relocation of the Relocated Facilities/Other Facilities as well as for obtaining any and all approvals as may be required by the County, City or any other agency, including the Miami-Dade Water & Sewer Department ("WASD") in connection with the relocation. Park Square shall also be responsible for the performance of all construction obligations required for the relocation, the re-routing of any sewer lines required for the relocation and the installation of the new pump station facilities. Park Square shall have the right to select such qualified architects, design professionals, engineers, contractors, subcontractors and consultants as Park Square, in the exercise of its discretion, shall determine to be appropriate in connection with the relocation.
9. The Relocated Facilities/Other Facilities will be relocated from the County property that is adjacent to Parcel A to Parcel B in the following steps prior to transfer of the Parcels:

- a. Park Square shall obtain the County's approval of the plans for the relocation of the Relocated Facilities/Other Facilities, including re-routing of any sewer lines necessary for the relocation. Park Square shall consult with WASD at least thirty (30) days prior to submitting an application for the County's issuance of any permits. Any changes requested by WASD or the County shall be made in writing within thirty (30) days of WASD's receipt of the permit application. If Park Square does not agree to the changes requested by WASD or the County and/or the permit application for the relocation of the Relocated Facilities is denied by the County, Park Square may terminate this Agreement by providing written notice to the County in accordance with the terms of this Agreement within ten (10) days of the denial of the permit or the request for a condition(s) by WASD to which Park Square does not agree.
- b. After approval of plans and permit issuance for the relocation of the Relocated Facilities/Other Facilities, Park Square will relocate the Relocated Facilities/Other Facilities from the County property that is adjacent to Parcel A to Parcel B or within the County property that is adjacent to Parcel A with no disruption of service to any person or entity connected to or utilizing Pump Station 1227.
- c. In relocating the Relocated Facilities/Other Facilities, Park Square will utilize the following parts of the existing Pump Station 1227:
  1. Existing 1,000 gallon above ground Convault fuel tank with rupture containment
  2. Existing fuel fill connection with spill containment
  3. Existing Fuel tank vents
  4. Existing Level gauge indicator
  5. Existing Fuel day tank
  6. Existing fuel supply and return lines
  7. Existing anti-siphon valves
  8. All supplemental equipment required for the installation and operation of a functioning fuel tank is proposed to be reused should it be found acceptable for such during permitting and field verification.
  9. Existing telemetry antenna
  10. All supplemental equipment required for the installation and operation of a functioning telemetry system is proposed to be reused should it be found acceptable by WASD for such during permitting and field verification.

These parts are currently County assets, and, through this Agreement and the acceptance of this Agreement by the Miami-Dade Board of County Commissioners, consent by the County is given to the transfer of these specific parts to Park Square with the understanding that the Relocated Facilities will be donated back to the County simultaneously with the land exchange of Parcel B to the County and Parcel A to Park Square.

10. Park Square will provide a warranty of three-years for the Relocated Facilities/Other Facilities on Parcel B and the County property that is adjacent to Parcel A, including a warranty for all parts utilized from the current Pump Station 1227 located on the County property that is adjacent to Parcel A, whether the manufacturer's warranty previously expired for such parts or not. The three-year period for purposes of the warranty will commence as of the date of the land transfer.
11. Park Square intends to develop Parcel "A" as part of a multifamily housing project. In order to facilitate the proposed project's advancement, the County will join in such permits, licenses, approvals or other administrative documents necessary for relocation of the Relocated Facilities.
12. Park Square shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by Park Square or its assignees, successors, employees, agents, servants, partners principals or subcontractors, including but not limited to, relocation of the Relocated Facilities, unless such claims have been caused by the County's own negligence. Park Square shall pay all claims and losses in connection therewith and shall also investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorneys' fees which may issue thereon. Park Square expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by Park Square shall in no way limit the responsibility to indemnify, keep and save harmless and defend the County or its officers, employees, agents and instrumentalities as herein provided.
